

How to hide cable trays in CAD

Overview

Edit the Cable Tray display representation to turn off the Annotations. I've managed to draw 2 lots of cable trays both at different elevations, but how do I get the one below to be hidden as it crosses one another etc?

I've looked in the options and MEP Display Control but doesn't seem to change anything! HELP!!! Thanks, Paul 06-20-2020 11:47 AM You can put some hve. On the Cabling tab, in the Cable Tray group, you can use the following tools. Before routing, consider the following guidelines: Cable tray lines are continuous, consisting of interconnected straight cable tray pieces and.
