

Manufacturer of Fiber Braided Tubing Cold Aisle Rack-Mounted Systems

Overview

In 2024, Worthington Armstrong Venture (WAVE), a joint venture between Armstrong World Industries, Inc., acquired all of the assets of Data Center Resources, LLC (DCR) related to the design and manufacture of customizable, modular aisle. Altimir Data Center Solutions designs, fabricates, and installs high quality, custom engineered Hot Aisle and Cold Aisle containment systems for data centers worldwide. Our high-quality, high-performance server aisle containment systems are helping redefine data center airflow management. Our. Certain categories of Vertiv products can be purchased through an online reseller. Need help choosing a product?

Speak with a highly qualified Vertiv Specialist who will help guide you to the solution that is right for you. Our FITCOFLEX® braided sleeving is a monofilament-based braided hose and is used to protect cables, wires, hoses, and pipes from extreme mechanical and thermal stresses.

Article Content

Custom Cold Aisle Containment System Manufacturers,

Most parts of the aisle containment components are designed by modular, which allows quick deployment on site and address changing needs or future expansion

AISLE CONTAINMENT

Aisle containment in the data center requires that cabinets are aligned in a hot aisle/cold aisle layout. Containment panels or strips create a partition to isolate either the server supply air (cold aisle

Aisle Containment Systems Physical Containment Systems ...

Aisle Containment Systems by Vertiv™ Aisle Containment is the logical extension of the hot aisle/cold aisle concept of data center design.

Hot and Cold Aisle Containment Solutions Ardmac

Get expert hot and cold aisle containment solutions for your data centres with Ardmac. Our tailored approach maximises efficiency.

Aisle Containment Solutions | Maysteel Industries

Custom engineered hot and cold aisle containment solutions that keep your data center running smoothly — and make your build-out be more efficient, too.

Aisle Containment Solutions | Maysteel Industries

Aisle Containment Systems Customized for You The right aisle containment system can have a big impact on your data center's efficiency and the effectiveness of

Aisle Containment

Our aisle containment systems are vendor agnostic, featuring innovative, transparent panels that are lightweight and easily attached horizontally or vertically to

Framed Aisle Containment Panels

Framed Aisle Containment Panels Lite Frame Vertical Panels Lite frame vertical panels are vertical aisle containment panels that prevent airflow between hot and

Hot & Cold Aisle Containment Systems For Data

Cool Shield is an industry-leading aisle containment system solutions company. Our experts are ready to customize a solution to fit your data center today!

Aisle Containment Systems From EDP Europe | Data Centre Services

With 15 years of experience in supplying and installing aisle containment solutions, EDP designs, manufactures, and installs bespoke Hot & Cold Aisle Containment systems for projects of any size.

Cold Aisle Containment Solution

With the help of sealing accessories, cooling efficiency in racks can be maximized. Olabs' cold aisle containment solution is highly flexible and able to be customized

DARIndustrial

DAR carries Braided Fiberglass Tubing for various high temperature applications below 1000°F.

Hot & Cold Aisle Containment Systems For Data

Cool Shield™ products provide customers with versatile, turnkey aisle containment systems for new or existing critical spaces. Our offerings range from a single row

Hot/Cold Aisle Containment | Data Center Containment

Hot and cold air containment systems designed to maximize cooling predictability, capacity, and efficiency at the rack, row or room level. Get flexible and cost

Braided Tubing FITCOFLEX® Manufacturer | GREMCO

The mechanical FITCOFLEX® tubing from GREMCO provides optimum abrasion protection for pipes, hoses, cable bundles, and hose systems for industrial

Data Center Cooling Systems and Cold Aisle Technology

Get precise airflow in your data center cooling systems using cold aisle containment solutions from Eagle Mouldings. We supply premium aluminum

High-Quality TUBES for Reliable Insulation & Protection

Tubes used in fiber optic splice closures are specially designed protective components that provide a secure and sealed environment for fiber optic splices

Industrial Braided Sleeving & Tubing | McAllister Mills

Sleeving or braided tubing offers endless or not sewn tubes for quick installation and protection. We manufacture sleeving from most any fiber for abrasion protection

Aisle Containment | Vertiv Hot/Cold Aisle Containment Solutions

Find out how to improve your data center infrastructure efficiency, using the cold aisle containment or hot aisle containment solutions from Vertiv.

Aisle Containment Systems for Hot & Cold Aisle Solutions

Cool Shield Aisle containment solutions reduces server row temperatures in active data centers. Learn more about the benefits of hot and cold containment.

Aisle Rack

By using cold aisle containment system, the hot and cold air streams are separated; providing significant energy savings over traditional uncontained configurations. High energy costs and consumption

COLD & HOT AISLE CONTAINMENT SYSTEM

producing fiber raceways, wire mesh cable trays, aluminum DC cable ladders, various kinds of cable trays, C channels, cable trunkings, cable fixers, Ground copper blocks, Multi-function support

Cold storage shelving, Cold storage rack system

Automatic space-saving radio shuttle rack is an excellent storage option versus pallet flow, drive-in racking and floor stacking. The systems are popular in cold storage, ...
