

# Niton Handheld Spectrometer Battery

## Overview

Spectrometer Analyzer Replacement Battery for Niton XL2 XL2 Handheld XRF, 7.8Ah, replace for P/N 420-002, li-ion Perfect Replace: High capacity circulatory function, perfect replace the original battery. This high-capacity replacement battery is specifically designed for Niton handheld spectrometers, ensuring your analytical equipment stays powered throughout demanding fieldwork and laboratory applications. Compatible with multiple Niton models including XL2, XL3, XL2T, XL3T, XLT89, and the. Confidently perform elemental analysis with the Thermo Scientific™ Niton™ XL5 Plus handheld XRF analyzer; it delivers unprecedented performance even for lightweight elements. Find more 1420, 201256303 and 201252405 products. Enjoy ✓ Free Shipping Worldwide! ✓ Limited Time Sale ✓ Easy Return. Quality Certification: Safety certifications such as CE and UN38.4310 similar products are also available from global. User Manual for Laptop Battery: 1. When you get the battery, please try to calibrate the new battery. You can recharge new battery for 6-12 hours at the first time, then discharge it up to 5-10%.
