

Xhs distribution box

Overview

Belden's XHS Series of Networking and Switch Cabinets is designed to support high load capacities and proper airflow management. The cabinets offer a modular and scalable system that adapts to changing requirements for hosting multiple generations of IT equipment. SIRIUS XHS is a high-speed data acquisition system (15 MS/s) with the new HybridADC signal conditioning technology capable of high-bandwidth transient recording and very high-dynamic, alias-free data acquisition. Modern data interfaces such as USB 3. Any signal, any sensor, packed with cutting edge technology. These products are requested only from ZSE. Our employees will contact you as soon as possible with an offer. Connecting SIRIUSi-XHS® 2. SIRIUSi-XHS® system (included in the shipment) ● your network cable (included in the shipment) ● Your USB cable (included in the shipment) ● Your PC with Windows 10 and the Dewesoft® software ● Note: older versions like Windows® 7 may also work ●. DEVICE TECHNICAL REFERENCE MANUAL 2. The new SIRIUS XHS looks the same on the outside, but on the inside, it is a.
